Dear Chairman Powell:

This letter is to offer our support of Killeen Christian Broadcasting (KPLE TV Channel 31) in the FCC's localism hearing in San Antonio on January 28.

As an organization dedicated to helping the homeless of Bell County re-enter mainstream society, we are expecially grateful to KPLE for providing us with the opportunity of informing the public of our purpose, our goals and our needs. The market of KPLE is one that we are especially interested in reaching.

Additionally, I have worked with KPLE as a representative of other not-for-profit organizations and have received the same enthusiastic, courteous cooperation. KPLE is definitely an asset to our communities in Bell County.

Sincerely,

Dear Chairman Powell:

We, the Central Texas Sickle Cell Anemia Association, write this letter in the support of one of God's most precious television station KPLE-TV, a Christian Broadcasting Station.

Words of gratitude for the wonderful work this station does can not be expressed. The owner and staff members are the epitome of Christian Service.

Our agency is a non-profit health care organization and without the assistance of KPLE-TV we could not accomplish our mission of caring for children with Sickle Cell Disease.

The existence of KPLE-TV means "life" to our community.

Dear Sir.

KPLE TV has been of great help to The Fort Hood Area Habitat for Humanity. They have given to us financially, promoted our public service announcements, and given us airtime to promote our program. In fact, they are the only TV network in our area to give our affiliate so much support.

If you have any questions please do not hesitate to call at 254-680-4007 or my cell phone at 254-289-1656.

Dear Ms. Durham:

I would like to take a moment to express our gratitude to KPLE-TV for your support of not only our agency programs but to our community in general.

Each year we approach KPLE-TV on numerous occasions in request of public airtime in support of our community service programs. Without your continued support, we would not be able to reach the growing number of residents within our community that are in need of these services. Many times public awareness of the availability of community programs is half the battle. The average individual experiencing a crisis for the first time has no idea of the resources available to them within our community.

In addition I would like to thank you for your continued support of our holiday assistance program for under privileged children. This year our Santa Pal Program was able to supply Christmas gifts and holiday meals to over 1000 poverty stricken children and disabled adults living within our community, for many the few presents that we were able to provide them were the only ones under their trees. Again your continued support in providing the public airtime for our program helped us to reach the community in our quest for public financial support of this program.

Thank you,

I am writing you to tell you about the services provided this organization by KPLE-TV. We are a 501(c) 3 non-profit food pantry that provides food and clothing to people in need. We take care of about 1300 families a month. KPLE-TV helps us with public service announcements several times during the year for our special events and fund raising drives. The service provided the Food Care Center by KPLE-TV has been an outstanding asset to our organization.

Dear Chairman Powell:

VI/16/6009 VO.UV INA AURUSUNTUN

This letter is to express our appreciation for the support that we have received from KPLE over the past several years. During the time that Lighthouse has been serving the people of Harker Heights, KPLE has done everything possible to support our efforts.

Lighthouse Christian Fellowship's primary outreach is in the area of a private school that serve; learning-disabled children. KPLE has been more than willing to offer us time to share our vision and our work on the air, and provide information to viewers so they are able to contact us.

Lighthouse also supports the community by housing a food care center and a clothing outreach. Once again KPLE has opened their hearts and their airwaves to let the community know that the food center and the clothing center were open and available.

I have worked personally with the staff of KPLE for several years. I have never found a group of individuals so willing to server the community, as these people. They are selfless and their heartfelt desire is to serve the community of Killeen and the surrounding area.

KPLE has done a wonderful job serving our community. I look forward to working with them in the future.

Dear Robyn,

We can not even begin to express our appreciation and gratitude. The entire staff at KPLE has always encouraged us and pushed us towards excellence with our television program.

During this difficult time we questioned if we should even remain on the air. Then you all would came along and extended grace. Believe it or not we have had more people visit that saw the program during the past three months than ever before. We look back now and see that God was speaking to us not to quit and He used you all to lift us up and keep us going.

We are endeavoring to send a check weekly for the whole month of December. At the end of the month we hope to be either completely caught up or very close.

Thank you again for being a part of what God is doing here at Agape. If we can ever be of service to KPLE and its staff, please do not hesitate to let us know. We pray that the blessings of God overtake you and your families.

Dear Chairman Powell:

Our local TV station KPLE is one our most supportive community resources that we have to spread information about what is happening in our local Christian community.

As coordinator for the National Day of Prayer, my wife has found that she can always count on KPLE to do one minute spots and 15 minute interviews to let the viewing community be aware of the prayer activities that are being planned throughout the community.

The quality of KPLE's programming enriches our family. Our ministry emphasis is on restoring marriages and I certainly believe that if more couples, more families, and even more singles, would watch the programming provided by KPLE, we could see a turnaround in the lives of our children and an enrichment in our marriages.

We are grateful we have KPLE in our viewing area and pray that it will continue to be available to provide us with the rich support that it currently supplies.

Dear Chairman Powell:

KPLE TV in Killeen Texas provides Public Service Announcements and Interviews with local church and civic leaders to let the Central Texas viewing area know about the events in the communities it serves. The National Day of Prayer Task Forces in the communities appreciate this service in getting the word out about the events and the importance of answering the "call to pray for our nation" on the first Thursday of May each year.

Dear Catherine Mason,

Thank you so much for the interviews regarding the Bell County Prayer Network. We appreciated the opportunity to let all churches know that it is a non-denominational group and everyone is welcome. Thank you also for the announcements to let our communities know about the different locations where people are gathering to discuss needs and pray for our cities and Bell County.

We are a diverse community and our needs are great. If we did not have someone like KPLE TV to let people know that there is help available, then some would suffer needlessly. People will volunteer for community service when they realize that they are needed.

We appreciate your help in getting the word out.

To Whom it May Concern,

Over the last few years KPLE TV has been an invaluable resource to Trinity Living Center in Copperas Cove. On numerous occasions KPLE-TV has advertised special events taking place at the church as well as broadcasting several dramatic productions put on by both the church and X-Treme Uth. In October 2003 we held the Central Texas Freedom Rally, in conjunction with Chariots of Light Christian Motorcycle Club. KPLE-TV interviewed Dr. Jerry Savelle the president of the club as well as promoting the event.

The service which KPLE- TV provides free of cost to organizations like ours is vital to the success of these events. We really appreciate KPLE-TV and hope they will be able continue to provide quality advertising and excellent broadcasting.

Dear Chairman Powell:

The local affiliate with Trinity Broadcasting Network, KPLE-TV, has provided indispensable help to churches and Christian organizations in the Greater Fort Hood Area. The general programming is important because I hear members of the church I pastor talk about different things they have viewed on their channel.

The greatest benefit that our church organization, as well as the National Day of Prayer organization, has been the Public Service Announcements. The staff there are very helpful in getting the word out about special events.

Of still greater importance is the role that Catherine Mason fills as an encourager and initiator of events. Standing out in my memory of recent events is a meal to which most, if not all, the clergy in the surrounding area were invited. It was a delicious Thanksgiving meal and the program which accompanied it greatly boosted interest in the National Day of Prayer events. I believe that gathering will greatly advance the participation in this essential observance.
